

My name is Karanja Jane Nyambura  
I School at Faith Foundational School  
I live at Juja with my family.  
We were informed by Lothar  
about the NGVW street-football league.  
This was my first time to attend  
a league. It was held at Gachororo  
Primary School.

The league is used to make the  
youth busy and keep them away from  
taking drugs.

At first I wanted to win and  
later we were told by Lothar  
that it was about having  
fun. Our team was known as  
elephants and we were seven  
players. All were excited and waited  
eagerly for the match.  
We practised every day afternoon in  
our school. Our teacher also told us  
to play fairly.

We won some games and lost  
some but the best thing was  
that we had fun.

I am eagerly waiting for the  
next round and to see and make  
more friends.
